WHY IS IT IMPORTANT TO SANITIZE YOUR HANDS ?

Washing and rubbing your hand is a basic hygiene etiquette which we all have been taught since we were kids. And as we grow older we tend to lose these basic habits of ours. In the midst of infections and viruses, V Ban Hand Sanitizer is a handy solution to keep all those germs at bay.

It acts swiftly and protects from germs and other microorganisms present on your hand. The sanitizer would leave behind a natural fragrance of Neem, Turmeric and Tulsi making you feel clean and fresh until the next application.

It is a handy product which can be carried while you are on the move. It contains herbal extracts making it antibacterial and safe to use. A perfect alternative to all the times you don't have access to soap and water.
